Date: 20 February 2026

ANNOUNCEMENT

Quality & Reliability S.A. (hereinafter the "Company" or "QNR"), further to its announcements to the investing public dated 10 July 2025 and 11 July 2025 regarding the signing of a binding agreement for the acquisition of a 51% stake in AlphaCons Intelligent Technology Solutions S.A., hereby announces that it has been decided not to complete the transaction.

As part of the due diligence process, the Company conducted an overall assessment of the relevant legal and financial factors and decided not to proceed with completion of the transaction.

The above decision does not affect the Company's strategic direction in the field of SAP solutions, nor does it alter its business plan or growth prospects. The completion of the acquisition of Alexander Moore and its integration into the Group in October 2025 fully addresses QnR's strategic objectives regarding the expansion of its activities in the enterprise software and SAP sectors.

The non-completion of the transaction has no impact on the Company's financial results or financial position.

QNR continues to assess investment opportunities in line with its strategy, with the aim of strengthening its portfolio of solutions and services and creating long-term value for its shareholders.
