### **SysteCom Honored at the Cybersecurity Awards 2025**

SysteCom, a provider of security solutions and comprehensive IT services for corporate clients and a member of the QnR Group, announced its sponsorship and **dual gold award win at the Cybersecurity Awards 2025 in the categories of “Data Privacy & Protection / Ransomware” and “Threat Intelligence” for its nomination titled “Fortifying the Digital Infrastructure of DYNAMIS INSURANCE Against Ransomware Attacks.”**

The project involved continuous monitoring of critical systems using machine learning to proactively mitigate ransomware attacks before they spread. The solution ensures full automation, zero downtime, and minimal infrastructure impact, protecting data and ensuring business continuity. By implementing this innovative technology, DYNAMIS Insurance enhances its resilience, safeguards its reliability, and strengthens customer trust, while upgrading its overall security architecture.

These awards further recognize SysteCom's commitment to identifying and integrating cutting-edge cybersecurity solutions into its portfolio and its dedication to strengthening security postures through advanced technology.

### **Sponsorship at the Cybersecurity Awards 2025**

As part of its ongoing support for cybersecurity advancement, SysteCom was a proud sponsor of this year's awards. This sponsorship reflects the company's mission to foster innovation, recognize industry leaders, and enhance cyber resilience across critical sectors. Events like this promote collaboration, the exchange of best practices, and recognition of outstanding contributions to cybersecurity.

### **Commitment to Maritime Cybersecurity**

As part of its longstanding dedication to the maritime industry, SysteCom's CEO, Mr. Dimosthenis Georgakopoulos, had the honor of presenting the Cybersecurity Awards in the Maritime Sector. The maritime industry is a cornerstone of global trade, and cybersecurity plays a crucial role in ensuring the security and resilience of its operations.

SysteCom, working closely with leading maritime companies, understands the unique challenges of this sector and remains committed to providing top-tier cybersecurity solutions tailored to its needs.

"Beyond our role as sponsors, we are thrilled to have received two prestigious Gold Awards, recognizing our innovative approach and unwavering focus on cybersecurity, with the following distinctions:

Gold Award – Data Privacy & Protection / Ransomware (Category 2.6)

Gold Award – Threat Intelligence (Category 3.13)

These honors highlight our dedication to protecting businesses from evolving cyber threats, ensuring robust data security, and delivering cybersecurity solutions that keep organizations one step ahead of threats."
